TIMES (See schedule for each school)

Each day will begin at 8:00am and continue through the day until all students have been recognized. The expected completion will vary between 5:00 pm and 6:30 pm. There will be a few short breaks in between schools and breaks on the days with only one school; this will be determined by the number of students (using their last names) so the line will have 100 or less at any given time.

Only vehicles with Graduates in Cap and Gown will be permitted on the property.

Only the graduate will be allowed to get out of the car, even when the diploma is issued. Persons with physical needs may have parental support.

The graduate will be given directions as to when to get out of the car and may only exit at that time.

Individuals who do not follow these guidelines will be escorted off of the property immediately.

VEHICLES

Each family will be allowed one car for the drive through graduation with no more than six (6) people, including the graduate, in the car. No limousines allowed. Cars must line up in a single file line and follow the directions of the officers as they proceed through the parking area and off the property.
