

## Learning Packet Distribution

Starting the week of May 4<sup>th</sup> TPS will have a 'drive-thru' service for families to pick up the final round of learning packets for grades PreK through high school.

- Principals will communicate this information via social media and 'All Calls' to families.
- **If students have received their assignments from their teacher, they DO NOT have to pick up a learning packet. Instead, they should complete the work assigned by their classroom teacher through the use of technology.**
- **All learning packet materials are available online at [www.tps.org](http://www.tps.org).**
