

School Closings and Delays

In the event of school closures or two-hour delays, Toledo Public Schools uses the following methods to communicate with parents:

- **District generated telephonic All-Call in multiple languages**
- **Notifications on Social Media platforms**
- **Alerts sent to local television and radio media outlets**

Additionally, scheduled closures are included on the District's Student Attendance Calendar as well as on the Healthy Bear Calendar that is distributed to each family in the district.
