ACCEPTABLE USE, EMAIL,& INTERNET SAFETY POLICY

Toledo Public Schools, hereafter referred to as TPS, is pleased to make available to students access to interconnected computer systems within the District and to the Internet. As the District continues its adoption of online learning, there are times in which your child may be required to access managed software programs for instructional purposes. This along with the required online State testing, will be exempt from the "opt out" choice of the Acceptable Use Policy. Toledo Public School students, Grades 8-12, will be assigned a student TPS account and password which will include a TPS student email. The student account, along with email, is meant to enhance student learning.

In order for TPS to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. While the District's teachers and other Staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Below is the Acceptable Use and Internet Safety Policy ("Policy") of TPS. Upon reviewing, signing, and returning the signature page, each student will be given the opportunity to enjoy Internet access at TPS subject to the conditions of the Policy. If a student is under 18 years of age, he or she must have his or her parents or guardians read and sign the Policy.

If any user violates this Policy, the student's access will be denied, if not already provided, or withdrawn and he or she may be subject to additional disciplinary action and/or legal action based on federal, state, and local law.
